

THE CYPRUS INSTITUTE OF NEUROLOGY AND GENETICS

WE'RE HIRING!

SENIOR ENGINEER

Reference Code: 330725

We are seeking a highly motivated and experienced Senior Engineer to lead the Engineering section of the Institute.

This is an exciting opportunity for a skilled professional to play a key role in supporting the infrastructure and operations of a leading institute in Health, Research and Education.

Job Summary

The successful candidate will be responsible for the technical support and maintenance of buildings, electromechanical installations, laboratory and medical equipment, as well as other facility-related assets. The role also involves contributing to fixed asset management, procurement of electromechanical and incidental equipment, and ensuring compliance with technical specifications and standards.

Key Responsibilities

- Provide internal support for the maintenance and development of the Institute's infrastructure and equipment
- Manage the planning, specification, acquisition and installation of electromechanical systems and other facilities
- Contribute to the effective management of fixed assets
- Ensure high standards of operational reliability, safety, efficiency and performance

What We're Looking for

- A Master's degree in a relevant field with at least 5 years of job-related experience; or
- A Bsc Degree in Electrical or Mechanical Engineering with at least 7 years of job-related experience;

Required Skills & Competencies:

- Very good command of the Greek and English languages
- Strong computer skills
- Technical administration skills
- Written and verbal communication skills

Previous relevant work experience in the Health/Research/Academic field will be considered as an advantage.

What we offer:

- Opportunity to work in a modern, research-driven, and supportive environment with access to continuous learning and professional development
- Starting monthly gross salary: €3,665.37 (payscale: A11/A12)
- 13th salary
- On-call compensation
- Provident fund contributions

How to apply

A cover letter, together with a detailed curriculum vitae and 2 reference letters, should reach the Institute by **Sunday, 20 July 2025**, by e-mail at: vacancies@cing.ac.cy, stating the reference code. Contact person for further information: Mrs Anna Michaelidou, tel.: 22392789.

The Cyprus Institute of Neurology and Genetics is an equal opportunities employer.
