Smart Cities India 2015

EEN India Brokerage Event

20-22 May 2015, New Delhi

The Smart Cities India Brokerage Event is an international brokerage event between European and Indian SMEs. European Business and Technology Centre (EBTC) as the Enterprise Europe Network India - Consortium Partner is organising this brokerage event in **Smart Cities India 2015 expo and conference** taking place from **20th – 22nd May 2015** in **New Delhi**.

This event will provide a common forum to discuss and deliberate some of the most challenging issues, new areas and upcoming technologies with stakeholders who are developing smart cities. The conference methodology includes plenary sessions, meetings, demos, presentations, projects and solutions. It also gives opportunities for one to one meetings, group discussions and networking.

Purpose of the event

- To help in finding partners for technology cooperation and/or business partnerships.
- Providing European and Indian companies, corporations, researchers and investors the right contacts to seize the opportunities and build collaboration across the Smart City sectors.
- Get access to extensive technology expertise and new business channels and select your face2face meetings in advance by creating an online profile.

Smart City opportunities in India

- India has prepared a blueprint for 100 new smart cities and will develop modern satellite towns around existing cities under the smart city programme.
- Investments of about USD 1.2 trillion (approx. EUR 1 trillion) will be required over the next 20 years across areas like transportation, energy and public security to build smart cities in India.
- Government of India has allocated USD 1.2 billion (approx. EUR 1 billion) for Smart Cities in Budget 2014-15 and more allocation is anticipated in coming budget session.

Focus sectors

- Smart Transportation
- Smart Environment
- Smart Energy
- Smart IT & Communication
- Smart Buildings
- Smart Governance

Advantages for EU SMEs

- Get latest information on Smart Cities India related research findings.
- Present, discuss and develop new projects.
- Initiate cross-border contacts and co-operations.
